

Is laser surgery right for you?

Do you have the courage to watch the dissection of a pig's eye?

Do you know what it's like to have glaucoma?

Open Day Saturday 11 February 2017

 **Lions Eye Institute**

All this and more is on offer at the Lions Eye Institute's annual Open Day – this year combined with the opening of our newly-refurbished clinic.

Take a test to find out if you're a candidate for Lasik eye surgery

Don simulator glasses that mimic eye diseases and try your hand carrying out everyday tasks

Check out our new hi-tech clinic which has just had a \$5 million refurbishment

Have a chat with LEI's Managing Director Professor David Mackey

Take a tour of our state-of-the-art Outback Vision Van

We'll be taking tours throughout the day and maps for self-guided tours will also be available

All welcome so please come down and learn more about one of the most special gifts of all – the gift of sight!

**Where: Lions Eye Institute,
2 Verdun St, Nedlands**

**When: Saturday, February 11, 2017
Doors open from 10am – 1.30pm**
