

Ian Constable Lecture

The evolution of ideas in medicine

What's in a name?

The Lions Eye Institute is delighted to announce the 2022 Ian Constable Lecture will be presented by Professor Thomas W Gardner, who is joining us in person all the way from Michigan, USA.

In this free lecture, Professor Gardner will examine how we define and name diseases, and the implications for diagnosis and treatment.

About the speaker

Professor Thomas W Gardner is the Scientific Co-Director of the **Mary Tyler Moore Vision Initiative**. He is also Professor of Ophthalmology & Visual Sciences, Molecular & Integrative Physiology and Internal Medicine at the University of Michigan, USA.
