

# Volunteer at the Lions Eye Institute

---

**Join our team and help to save sight**

## Volunteering opportunities

Volunteers are the lifeblood of the community.

The Lions Eye Institute welcomes volunteers with a wide range of skills, abilities and interests. Volunteer positions can be available in research, administration, clinic and fundraising.

As a Lions Eye Institute Volunteer, you will join an essential support team providing information and assistance to the thousands of people who come to us for help with their eyesight.

Call (08) **9381 0777** or email [recruitment@lei.org.au](mailto:recruitment@lei.org.au) to find out more about volunteering opportunities at the Lions Eye Institute.

# Our Concierge Program

Our Concierge Program is one of our most valued volunteer services and is aimed at making a visit to the Lions Eye Institute clinic in Nedlands a seamless experience.

Easily recognisable in their vibrant red vests, our Volunteer Concierges assist patients in a variety of ways – from escorting them to their appointment, arranging and safely conveying them from treatment areas to their transport, or making a cup of tea while they wait in the clinic. It is a service patients and visitors greatly appreciate.

If you would like to join the Concierge Program we are looking for the following skills and attributes:

- Friendly and comfortable in approaching people to offer assistance.
- Able to listen and learn about our services, and to convey this information accurately.
- Mindful of the needs of people with low vision.
- Able to perform duties in a safe manner, maintaining an awareness of health and safety for self, team members and patients.
- Able to work as a member of a team, and with a minimum of supervision.

## About the Lions Eye Institute

The Lions Eye Institute is both a highly respected medical research institute and a world-class ophthalmic clinic.

Every day, our researchers push the frontiers of science to understand the causes of eye disease, and develop new treatments. Our dedicated ophthalmologists tailor these treatments to provide our patients with the best possible eye health care.

We are proudly a not-for-profit Western Australian organisation.
